

THE SCENE LOCK-IN™ — Application

Private AI Production Residency · 7 days locked in · 12 months plugged in

Lake Oconee, Georgia · [DATES] · 6 founders · \$30,000 · Application only

Before you apply

THE SCENE LOCK-IN™ is a private, 7-day AI production residency for established founders whose face, taste, and presence sell the business. It kicks off a 12-month premium creator ecosystem.

You don't need another AI course. You need uninterrupted time, the right environment, the right system, and someone in the room who can help you execute.

Give us one week. We'll build the next month of your brand.

This application takes about 15–20 minutes. Please answer honestly. We are choosing six founders who will live and work together for a week, and it only works when every seat is the right fit, for you and for the room.

What happens next:

1. We review every application personally, usually within 3 business days.
2. If it's a strong fit, we invite you to a private call.
3. Final seats are chosen by Destyni. Acceptance is not guaranteed and is not based on who applies first.
