How To Use This Pack

styled for you

Every look in this pack is broken down piece-by-piece so you can shop it, recreate it, or style your character in seconds. Find the category that fits the moment, pick from ten complete looks, and build from the top down.

Each item is listed as the **brand** followed by the **exact piece** — from the top layer all the way to the finishing accessory and beauty touch. Swap brands for your budget; the silhouette and styling are what make the look.

Format	BRAND — item description
Order	Top → Bottom / Dress → Layer → Shoes → Bag → Accents
Per look	5–6 curated pieces, styled to mix & match

Tip: pair the flat-lay collage style of your brand with these breakdowns — each look is written to translate straight into a product grid.
