```
LENGTH
15 seconds.

STYLE
The first three seconds must create immediate curiosity through a natural reveal. The pacing should feel effortless, as if [SHE / HE] instinctively grabbed the phone to show someone something incredible. The video should look so authentic that viewers genuinely question whether it is AI or a real luxury vacation vlog.
```

Tool notes

- Video: Seedance 2.0 syncs lips best on clips of 10 seconds or less. Keep spoken lines 5–10 words.
- Photos: batch your poses in Nano Banana Pro right after you lock a new outfit — 6 to 10 angles per look.
- Dialogue budget: about 2 spoken words per second of clip. A 15-second scene holds 25–30 words TOTAL.
